

Need a late night way to get home?

AATA is pleased to announce the Nightride Shuttle - the easiest way to get home from downtown when buses aren't running!

A service of  TheRide

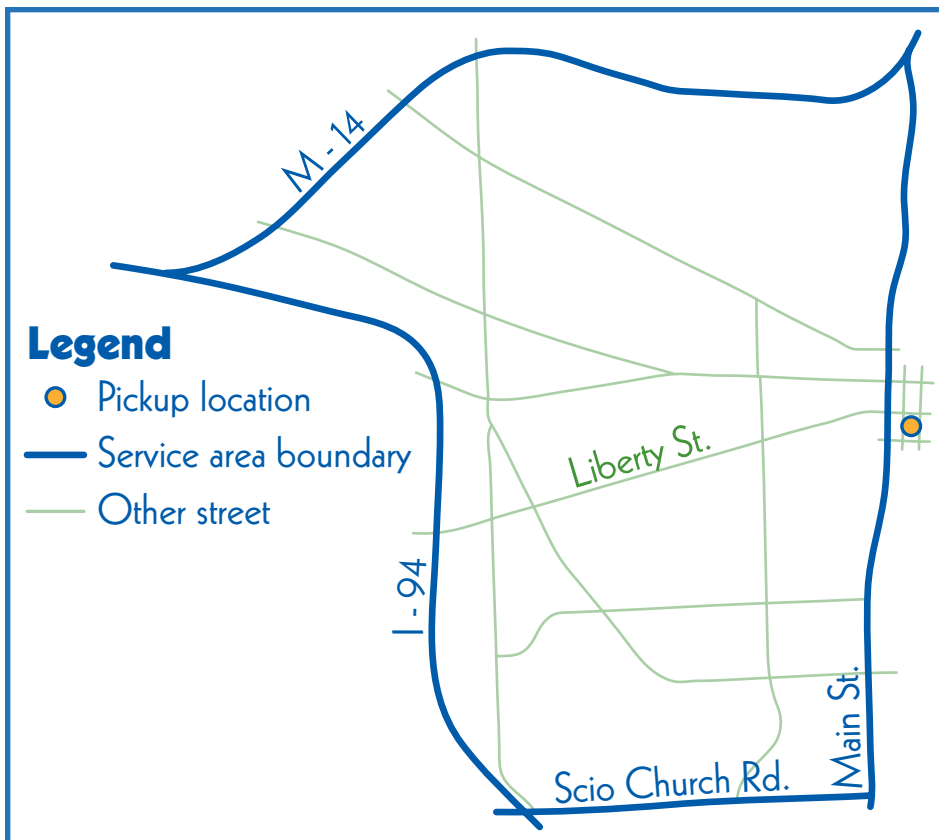

Service begins May 22, 2008

How does it work?

A van (operated by Blue Cab) will pick people up from a single location in the downtown area (pickup times and location listed below). The van will then drop off riders anywhere within the service area outlined below.

What will this cost me?

The **first 1,000 trips will be FREE** due to a grant provided by the Ann Arbor Downtown Development Authority!
