DETOUR NOTICE

RT 14: GEDDES - E. STADIUM

EXPECTED START DATE: 11/28/11

Removal and replacement of the Stadium Blvd bridges over State St and the Ann Arbor Railroad is expected to begin during the week of November 28, 2011. The construction project will last well into 2012 and as a result, route 14 will not be able to reach the Pioneer High School area.

Route 14 will be detoured using the routing shown in the map below.
The following stops will be missed:

North side of Stadium, west of Ferndale
North side of Stadium, east of Park Place
North side of Stadium at Crisler Arena
Pioneer High School
South side of Stadium opposite Crisler Arena

It is suggested that passengers currently traveling to the UM Medical Campus by parking at the Pioneer Park-&-Ride lot use routes 7 & 16 to travel to the Blake Transit Center, where they can connect with route 2 (which travels to UM Central & Medical campuses).

If project conditions change, it may be necessary to revise service.
