Temporary Service
beginning August 30, 2020

Bryan Smith
Deputy CEO, Operations
Hi, I’m Bryan Smith, Deputy CEO of Operations at TheRide. Thank you for joining us for this presentation of our Temporary Service Changes that will take effect August 30.

First, and most important, we hope you and yours are safe and supported during these uncertain times.

TheRide has been adjusting to the constantly changing realities of COVID-19 to ensure continuity and safety of our essential services.

We are taking a cautious and measured approach to phase services back in which prioritizes your safety, and that of our drivers and staff.

**Beginning on August 30th, we will introduce a restructured network of interim routes that focuses on essential destinations and increased frequency on busy corridors.** These temporary changes are being made to allow for social distancing and to remain financially sustainable during the pandemic. While we are not able to restore all services this August, we hope to do so once the course of the pandemic and its financial impacts become clearer. Later this year we will reach out for public feedback on future changes.

In this presentation, we will walk through the temporary route changes.
