3: GOVERNANCE PROCESS

These policies define the Board's job and expectations for how the Board will function.

3.0 GLOBAL GOVERNANCE PROCESS

The purpose of the Board, on behalf of the residents and workers of the member jurisdictions and government jurisdictions with whom we have service agreements (Ownership), and as stewards of the future, is to see to it that the Ann Arbor Area Transportation Authority (AAATA)

- (a) achieves appropriate results for appropriate persons at an appropriate cost, and
- (b) avoids unacceptable actions and situations.

3.1 GOVERNING STYLE

The Board will govern lawfully, observing the principles of the policy governance, with an emphasis on

- (a) the best interests of the entirety of the ownership and stewardship of the agency,
- (b) outward vision rather than an internal preoccupation,
- (c) encouragement of diversity in viewpoints,
- (d) strategic leadership more than administrative detail,
- (e) clear distinction of Board and chief executive roles,
- (f) collective rather than individual decisions,
- (g) future rather than past or present, and
- (h) proactivity rather than reactivity.

On any issue, the Board must insure that all divergent views are considered in making decisions, yet may not require the CEO to act without majority approval from a quorum of the Board.

Accordingly:

- 3.1.1 The Board will cultivate a sense of group responsibility. The Board, not the staff, will be responsible for excellence in governing. The Board will be the initiator of policy, not merely a reactor to staff initiatives.
- 3.1.2 The Board will encourage a diversity of viewpoints and work to ensure all views are heard. The Board may use the expertise of individual members to enhance the ability of the Board as a body. However, the Board will not allow dominant personalities or individual agendas to usurp the Board's broader perspective, collective responsibilities or values.
- 3.1.3 The Board will direct, control and inspire the organization through the careful establishment of broad written policies reflecting the Board's values and perspectives. The Board's major policy focus will be on the intended long term impacts outside the organization, not on the administrative or programmatic means of attaining those effects.
 - 3.1.3.1 The Board will only allow itself to address a topic after it has answered these questions:
 - 1. What is the nature of the issue? Is the issue within the scope of the agency?
 - 2. What is the value that drives the concern?
 - 3. Whose issue is this? Is it the Board's or the CEO's?
 - 4. Is there already a Board policy that adequately covers the issue? If so, what has the Board already said on this subject and how is this issue related? Does the Board wish to change what it has already said?

- 3.1.4 The Board must provide the strategic leadership for the AAATA and recognizes that its greatest contribution to long-range planning is an explication of its vision for the AAATA through creating ends policies with a long-range perspective. The Board also recognizes that the operational planning of the AAATA to meet Board end policies is a staff function, and organizational performance on ends will be closely monitored by the Board. Accordingly, the Board will periodically review its ends policies to ensure alignment with its owners and the long-range demands of the AAATA.
- 3.1.5 The Board will enforce upon itself whatever discipline is needed to govern with excellence. Discipline will apply to matters such as attendance, preparation for meetings, policymaking principles, respect of roles, and ensuring the continuance of governance capability. Although the Board can change its governance process policies at any time, it will observe them scrupulously while in force.
- 3.1.6 Continual Board development will include orientation of new Board members in the Board's governance process, periodic Board discussion of process improvement and timely identification of quality candidates to be recommended for appointment by our municipal partners.
- 3.1.7 The Board will allow no officer, individual or committee of the Board to hinder or be an excuse for not fulfilling its governance commitments.
- 3.1.8 The Board will monitor its process and performance according to its established schedule. Self-monitoring will include comparison of Board activity and discipline to policies in the Governance Process and Board-Management Delegation categories, following the monitoring schedule in Appendix A.

3.2 BOARD JOB DESCRIPTION

Specific job outputs of the Board, as an informed agent of the ownership, are those that ensure appropriate organizational performance.

Accordingly, the Board has direct responsibility to create:

3.2.1 The authoritative linkage between the ownership and the operational organization.

3.2.1.1 Members shall maintain effective ambassadorship and coordinated advocacy with member municipalities.

3.2.2 Strategic leadership and vision of the organization through its policymaking.

3.2.3 Written governing policies that address the broadest levels of all organizational decisions and situations.

- A. Ends: Organizational products, impacts, benefits, outcomes, recipients; and their relative worth in cost or priority (what good for which recipients at what cost).
- B. Executive Limitations: Constraints on executive authority that establish the prudence and ethics boundaries within which all executive activity and decisions must take place.
- C. Governance Process: Specification of how the Board conceives, carries out and monitors its own task.
- D. Board-Management Delegation: How power is delegated and its proper use monitored; the CEO role, authority and accountability.

3.2.4 Assurance of successful organizational performance on Ends and Executive Limitations

3.2.5 Assurance of CEO performance includes evaluation of organizational performance on Ends and Executive Limitations.

3.2.6 Annual performance review and appropriate adjustment of CEO salary.

3.2.7 Approval of the annual budget developed and recommended by the CEO.

3.2.8 A contract with the CEO that will stipulate compensation, benefits and other terms and conditions for the CEO.

3.2.9 Approval of rider fare increases and millage rates assessed by the Authority.

3.2.10 Approval of real estate acquisition, encumbrance, or disposal.

3.3 BOARD CODE OF CONDUCT

The Board commits itself and its members to ethical, businesslike, and lawful conduct, including proper use of authority and appropriate decorum when acting as Board members.

- 3.3.1 Members must demonstrate loyalty to the ownership of the AAATA, unconflicted by loyalties to the CEO or staff, other organizations, or any personal interest as consumers.
- 3.3.2 Members must avoid conflicts of interest with respect to their legal duties of care and loyalty.
 - 3.3.2.1 There will be no self-dealing or business by a member with the organization. Members will, each January, disclose in writing their involvements with other organizations, with vendors, or any associations which might be or might reasonably be seen as being a conflict.
 - 3.3.2.2 When the Board is to decide upon an issue, about which a member has an unavoidable conflict of interest, that member shall absent herself or himself without comment from not only the vote, but also from the deliberation by leaving the room.
 - 3.3.2.3 Board members will not use their Board position to obtain employment or financial benefit in the organization for themselves, family members, or close associates.
- 3.3.3 Board members may not attempt to exercise individual authority over the organization.
 - 3.3.3.1 Members' interaction with the CEO or with staff must recognize the lack of authority vested in individual members except when explicitly authorized by the Board. While individual members should share their perspectives and advice with the CEO, they shall not give (or imply) direction to the CEO or any staff.
 - 3.3.3.2 Members' interaction with public, press or other entities must recognize the same limitation and the inability of any Board member to speak for the Board except to repeat explicitly stated Board positions.
 - 3.3.3.3 Except for participation in Board deliberation about whether reasonable interpretation of Board policy has been achieved by the CEO, members will not express individual judgments on performance of the CEO or other staff.
- 3.3.4 Members shall conduct themselves in a calm, professional and respectful manner. Members shall not intimidate or harass other Board members, staff or members of the public.

- 3.3.5 Members will respect the confidentiality appropriate to issues of a sensitive nature.
- 3.3.6 Members will be properly prepared for Board deliberation.
- 3.3.7 Members will support the legitimacy and authority of the final determination of the Board on any matter, without regard to the member's personal position on the issue.
- 3.3.8 Members will follow the rule of "no surprises" and shall keep the CGO and CEO informed in advance of intended actions that could be perceived as conflicting with current policy and direction of the organization.
- 3.3.9 When serving on other Boards, members remain accountable to the AAATA Board for their actions and statements regarding transit-related issues.

3.4 AGENDA PLANNING

To accomplish its job products with a governance style consistent with Board policies, the Board will follow an annual agenda cycle which:

- (a) completes a re-exploration of Ends Policies annually,
- (b) continually improves Board performance through Board education and enriched input and deliberation, and
- (c) re-examines for relevance the underlying values that support existing policy.

- 3.4.1 The cycle will conclude each year so that administrative planning, strategic planning and budgeting can be based on accomplishing a one-year segment of the Board's most recent statement of long term Ends.
- 3.4.2 The cycle will start with the Board's development of its agenda for the next year.
 - A. Consultations with selected groups in the ownership, or other methods of gaining ownership input will be determined and arranged in the first quarter, to be held during the balance of the year.
 - B. Governance education, and education related to Ends determination, (e.g. presentations by researchers, demographers, advocacy groups, staff, etc.) will be arranged in the first quarter, to be held during the balance of the year.
- 3.4.3 Throughout the year, the Board will attend to consent agenda items as expeditiously as possible.
- 3.4.4 CEO monitoring will be on the agenda if reports have been received since the previous meeting, if plans must be made for direct inspection monitoring, or if arrangements for third-party monitoring must be prepared.
- 3.4.5 A Board member may recommend or request an item for Board discussion by submitting the item to the CGO no later than two days before the Board meeting.
- 3.4.6 Information that is neither for monitoring performance nor for Board decisions will be avoided or minimized and always noted as such

3.5 CHIEF GOVERNANCE OFFICER ROLE

The Chief Governance Officer (CGO), whom we call “Chair” assures the integrity of the Board's process and, secondarily, occasionally represents the Board to outside parties.

Accordingly:

- 3.5.1 The job result of the CGO is that the Board behaves consistently with its own rules and those legitimately imposed upon it from outside the organization.
 - 3.5.1.1 Meeting discussion content will consist solely of issues that clearly belong to the Board to decide or to monitor according to Board policy.
 - 3.5.1.2 Deliberation will be fair, open, and thorough, but also timely, orderly, and kept to the point.
- 3.5.2. The authority of the CGO consists in making decisions that fall within topics covered by Board policies on Governance Process and Board-CEO Linkage, with the exception of (a) employment or termination of a CEO and (b) where the Board specifically delegates portions of this authority to others. The CGO is authorized to use any reasonable interpretation of the provisions in these policies.
 - 3.5.2.1 The CGO is empowered to chair Board meetings with all the commonly accepted power of that position (e.g., ruling, recognizing).
 - 3.5.2.2 The CGO has no authority to make decisions about policies created by the Board within Ends and Executive Limitations policy areas. Therefore, the CGO has no authority to supervise or direct the CEO.
 - 3.5.2.3 The CGO may represent the Board to outside parties in announcing Board-stated positions and in stating CGO decisions and interpretations within the area delegated to that role.
 - 3.5.2.4 The CGO may delegate this authority, but remains accountable for its use.

3.6 BOARD COMMITTEE PRINCIPLES

Board committees, when used, will be assigned so as to reinforce the wholeness of the Board's job and so as never to interfere with delegation from Board to CEO.

Accordingly:

- 3.6.1 Board committees are to help the Board do its job, not to help or advise the staff. Committees ordinarily will assist the Board by preparing policy alternatives and implications for Board deliberation. In keeping with the Board's broader focus, Board committees will normally not have direct dealings with current staff operations.
- 3.6.2 Board committees may not speak or act for the Board except when formally given such authority for specific and time-limited purposes. Expectations and authority will be carefully stated in order not to conflict with authority delegated to the CEO.
- 3.6.3 Board committees cannot exercise authority over staff. Because the CEO works for the full Board, he or she will not be required to obtain approval of a Board committee before an executive action.
- 3.6.4 Other work groups will be used in an ad hoc capacity.
- 3.6.5 This policy applies to any group which is formed by Board action, whether or not it is called a committee and regardless whether the group includes Board members. It does not apply to committees formed under the authority of the CEO.

3.7 BOARD COMMITTEE STRUCTURE

Committees are intended to expedite work of the Board so that monthly meetings can be efficient and as advisory bodies. The full Board retains *all* decision-making powers. Committees are, therefore, empowered to:

- Conduct detailed reviews of monitoring reports, and recommend acceptance or rejection to the full Board,
- Conduct reviews of policy language and make recommendations for changes to the full Board,
- Receive preliminary Strategy Updates from the CEO,
- Discuss Ends policies, and
- Advise the Board.

Standing committees are arranged by function and have formal responsibility for monitoring certain policies which have been grouped by theme (governance, financial, service) so the committees can emphasize those subjects.

- b. Monitors Governance policies and practices. Advise on possible changes to policy.

B. Membership: Appointed by Chair of Board (as per Bylaws). Cannot include chair of Finance Committee.

C. Term: One year.

The only Board committees are those which are set forth in this policy or the Bylaws (Governance Committee). Unless otherwise stated, a committee ceases to exist as soon as its task is complete.

3.8 COST OF GOVERNANCE

Because poor governance costs more than learning to govern well, the Board will invest in its governance capacity.

Accordingly:

- 3.8.1. Board skills, methods, and supports will be sufficient to assure governing with excellence.
 - 3.8.1.1 Training and re-training will be used liberally to orient new members and candidates for membership, as well as to maintain and increase existing member skills and understandings.
 - 3.8.1.2 Outside monitoring assistance will be arranged so that the Board can exercise confident control over organizational performance. This includes, but is not limited to, fiscal audit.
 - 3.8.1.2.1 Contracted auditing firms will be periodically rotated to maintain independence. Contracted auditors will serve no more than six consecutive years.
 - 3.8.1.3 Outreach mechanisms will be used as needed to ensure the Board's ability to listen to owner viewpoints and values.
- 3.8.2 Costs will be prudently incurred, though not at the expense of endangering the development and maintenance of superior capability.
- 3.8.3 The Board will develop its budget by June 30 each year to assure its inclusion in the overall budget.

4: BOARD-MANAGEMENT DELEGATION

These policies define how the Board will delegate to its CEO AAATA's accomplishment of Ends and operation within the Executive Limitations boundaries.

4.0 GLOBAL BOARD-MANAGEMENT DELEGATION

The Board's sole official connection to the operational organization, its achievements and conduct will be through a Chief Executive Officer (CEO).

4.1 UNITY OF CONTROL

Only officially passed motions of the Board are binding on the CEO.
Accordingly:

- 4.1.1 Decisions or instructions of individual Board members, officers, or committees are not binding on the CEO except in rare instances when the Board has specifically authorized such exercise of authority.
- 4.1.2 In the case of Board members or committees requesting information or assistance without Board authorization, the CEO can defer or refuse such requests that require, in the CEO's opinion, a material amount of staff time or funds or is disruptive.

4.2 ACCOUNTABILITY OF THE CEO

The CEO is the Board's only link to operational achievement and conduct, so that all authority and accountability of staff, as far as the Board is concerned, is considered the authority and accountability of the CEO.

Accordingly:

- 4.2.1 The Board will never give instructions to persons who report directly or indirectly to the CEO.
- 4.2.2 The Board will not evaluate, either formally or informally, any staff other than the CEO. Board members are not restricted from expressing any level of satisfaction in a confidential conversation with the CEO.
- 4.2.3 The Board will view organizational performance as integral to CEO performance and shall consider Board stated Ends and avoidance of Board-proscribed executive limitations as a foundation of successful CEO performance.

4.3 DELEGATION TO THE CEO

The Board will instruct the CEO through officially passed motions of the Board or written policies which prescribe the organizational Ends to be achieved, and describe organizational situations and actions to be avoided, allowing the CEO to use any reasonable interpretation of these policies.

Accordingly:

- 4.3.1 The Board will develop policies instructing the CEO to achieve certain results, for certain recipients at a specified cost. These policies will be developed systematically from the broadest, most general level to more defined levels, and will be called Ends policies.
- 4.3.2 The Board will develop policies which limit the latitude the CEO may exercise in choosing the organizational means. These limiting policies will describe those practices, active, decisions, and circumstances that would be unacceptable to the Board even if they were effective. These policies will be developed systematically from the broadest, most general level to more defined levels, and they will be called Executive Limitations policies. The Board will never prescribe organizational means delegated to the CEO.

- 4.3.3 As long as the CEO uses *any reasonable interpretation* of the Board’s Ends and Executive Limitations policies, the CEO is authorized to establish all further policies, make all decisions, take all actions, establish all practices and develop all activities.
- 4.3.4 The Board may change its Ends and Executive Limitations policies, thereby shifting the boundary between Board and CEO domains. By doing so, the Board changes the latitude of choice given to the CEO. But as long as any particular delegation is in place, the Board will respect and support the CEO’s choices with the boundaries described herein.

4.4 MONITORING CEO PERFORMANCE

Organizational accomplishment of Board policies on Ends and organizational operation within the boundaries established in Board policies on Executive Limitations shall be evaluated rigorously by the Board and its appointed committees.

Accordingly:

- 4.4.1 Monitoring is simply to determine the degree to which Board policies are being met. Data which do not do this will not be considered to be monitoring data.
- 4.4.2 The Board will acquire monitoring data by one or more of three methods: (a) by internal report, in which the CEO discloses compliance information to the Board, (b) by external report, in which an external, disinterested third party selected by the Board assesses compliance with Board policies, and (c) by direct Board inspection, in which a designated member or members of the Board assess compliance with the appropriate policy criteria.
- 4.4.3 In every case, the Board will judge the reasonableness of the CEO’s interpretation and whether data demonstrate accomplishment of the interpretation
- 4.4.4 The standard for compliance shall be any reasonable CEO interpretation of the Board policy being monitored. The Board is the final arbiter of reasonableness, but will always judge with a “reasonable person” test rather than with an interpretation favored by Board members or by the Board as a whole.
- 4.4.5 All policies which instruct the CEO will be monitored at a frequency and by a method chosen by the Board. The Board can monitor any policy at any time by any method, but will ordinarily depend on a routine schedule (Appendix A).

Funds shall be invested with liquidity sufficient to enable the AAATA to meet all operating requirements and in compliance with State of Michigan law. This investment policy applies to all transactions involving the financial assets and related activity of the general fund and any new fund created by the Board of Directors, unless specifically exempted. This policy does not apply to AAATA's employee pension funds which are organized and administered separately.

DELEGATION OF AUTHORITY TO MAKE INVESTMENTS

The standard of prudence to be applied by the investment officer to the overall portfolio shall be the "prudent person" rule, which states; "Investments shall be made with judgment and care under circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation but for investment, considering the probable safety of their capital as well as the probable income to be derived." The investment officer acting in accordance with this policy and exercising prudence shall be relieved of personal responsibility for an individual investment's credit risk or market price changes, provided deviations from expectations are reported to the CEO in a timely fashion and appropriate action is taken to control adverse developments.

The status of investments shall be provided along with other financial statements to the Finance Committee and Board of Directors quarterly.
